Microsoft Teams Rooms System for Medium and Large Rooms

Yealink MVC Series is the brand-new video conferencing system released by Yealink that revolutionizes the Microsoft Teams Rooms meeting experience. Perfectly integrated with Microsoft Teams Rooms and Yealink cutting-edge audio & video solutions, the Yealink MVC Series is deemed to cover all the usage scenarios and provide you with the excellent meeting experience in the conference room. Consisting of the touch console, content sharing unit, audio and video peripherals, and mini-PC, the Yealink MVC Series enhances the whole meeting experience with the familiar Microsoft Teams Rooms interface and a close-to-zero learning curve, allowing you just to simply walk into the conference room and start your meeting with one-touch join, or type a few names and launch an ad hoc call. The Yealink MVC800 includes two 360 ° pick-up-range microphones and each MVC800 can connect up to four units and a powerful pan-tilt-zoom camera with 12x optical zoom, to cover up a large conference room.

Key Features and Benefits

Easy to Start and Manage Meetings

Its familiar Microsoft Teams Rooms interface and functionality not only makes it easy for everyone but also saving your time to join the meeting faster. The Yealink Plug-in software lets you get rid of the remote control, you can control the USB PTZ camera on the touch console directly via it software.

Flexible and Simple

This solution provides you with an individual touch console that separates from the mini-PC, not only making the deployment more flexible but also rewarding you a tidy and smart conference table.

Premium Audio and Video Meeting Experience

UVC80 is Yealink's next-generation camera that supports 1080P/60FPS video calls to make your business discussion be as life-like and interactive as possible. For its premium voice quality, the solution is combined with the Yealink audio algorithm and is equipped with two microphones that supports 20ft/360° voice pickup range and a speaker that is capable of producing louder output up to 40W. Besides, Yealink Noise Proof technology effectively eliminates background distractions and noises, guaranteeing a crystal-clear voice even in a noisy environment.

Easily Managed through Yealink Device Management Platform

This solution supports Yealink Device Management Platform/ Cloud Service, you can flawlessly manage, monitor, configure, update and diagnose all Yealink audio and video devices peripherals on this platform remotely.
